

Alaska / WHITE

Alaska / WHITE technical specification

DOOR OPTIONS

White

Brushed Aluminium /
Frosted Glass

Alaska refreshes the popular white door using wide horizontals with a simple step detail and metallic finishing touches.

Doors and drawer fronts are manufactured from an 18mm MDF core (with a routed frame and inset panel effect) covered with a slightly textured white PVC foil.

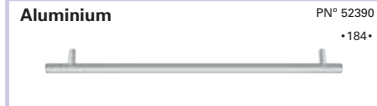

Carcass and plinths are white as standard (optional metallic plinths also available). Light pelmet and cornice are matching White PVC finish.

Glazed doors use brushed aluminium finish metal frames with frosted glass.

HANDLE/KNOB OPTIONS

NOTE: Handles are vertical on handed doors, horizontal on lift-up doors and drawers unless specified.
