

# Urbano technical specification

With the current trend towards open plan living and multi functional spaces, Urbano offers a wide choice of gloss colours in a contemporary 'handle less' range designed to blend with the surroundings.

Doors are 18mm MDF with ultra tight radiused edges,faced with high gloss durable laminate and edged top and bottom with 2mm metallic effect lipping.

Carcasses are metallic colour inside and out and available in a restricted range of sizes appropriate for the 'handle less' concept. Base cabinet doors overlap a recessed extrusion running below the worktop providing a continuous finger pull.

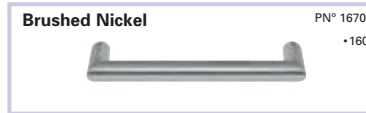

Wall cabinet doors overhang the cabinet again providing a continuous finger pull.  
NB. All appliance housings and tall storage cabinets have handles.

Special drawer cabinets feature internal drawers nesting behind a door with special 'zero protrusion' hinges. In order to preserve the clean and minimalist appearance glass doors are not available in this range.

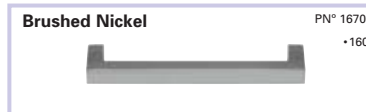

## HANDLE OPTIONS
