## DOOR OPTIONS

Alabaster

Metallic

Calvados

Maple

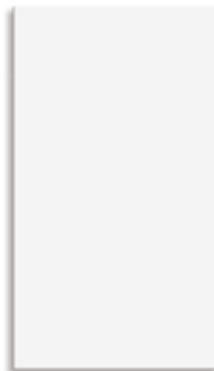

Mocha

Pear

Portofino

White

Simple, contemporary and durable, Veneto is designed to suit urban open plan living. The handleless concept provides an elegant simplicity which blends with other furnishings.

Doors and drawer fronts are manufactured from 16mm MFC and edged with matching 2mm ABS lipping to give a simple yet durable end product.

Cabinets are available in a restricted range of sizes appropriate for the 'handleless' concept. Base cabinet doors overlap a recessed extrusion running below the worktop providing a continuous finger pull.

Wall cabinet doors overhang the cabinet, again providing a continuous finger pull. NB. All appliance housing and tall storage cabinets have handles.

## HANDLE/KNOB OPTIONS

*NOTE: Handles are vertical on handed doors, horizontal on lift-up doors and drawers unless specified.*

### Bar Handle
