Rose Apple

Rose Apple / Glass

Aluminium Effect Frame & Handle / Frosted Glass

Ventura is innovative and sophisticated in construction and appearance, featuring a unique 'seamless' finish and bold horizontal woodgrain in warm Rose Apple. There is a choice of horizontally placed brushed nickel round or square design handles.

Doors and drawers are manufactured from 18mm MDF beneath a lacquered foil which wraps seamlessly around all edges.

Carcasses are metallic colour both inside and out giving a pleasing contrast to the warm woodgrain of the doors.

Glass doors are available with a unique window detail featuring linear pattern frosted glass panel or aluminium effect frame with frosted glass.
